

Jabra®

Jabra BIZ™ 620 USB BEST VALUE PROFESSIONAL HEADSET FOR ENHANCED UC EXPERIENCE

The Jabra BIZ 620 USB headset is the ultimate entry-level headset for first time users of Unified Communications (UC). This plug-and-play solution combines superior audio performance and durability with all the hands-free advantages of a professional Jabra headset.

WELCOME TO TRUE WIDEBAND AUDIO QUALITY

For users of UC applications the headset is your point of delivery for the entire UC solution. It's where the vision of hassle-free and intuitive VoIP in full wideband sound quality comes to life. So why settle for anything less, when you can get a professional grade headset which supports all these great features?

Jabra BIZ 620 USB is designed to enhance the experience with Unified Communications by providing full wideband audio. True wideband sound gives you outstanding speech clarity. The noise-canceling microphone effectively cuts off unwanted background noise. As a result, you will feel more comfortable and be able to work more efficiently right from day one.

ENHANCED USER EXPERIENCE - LONG SERVICE LIFE

The Jabra BIZ 620 USB is plug-and-play with all leading UC clients. Upon plug-in of the headset the audio is automatically transferred to the headset. The integrated volume and mute functionalities provide better call handling. Answer/end call functionality can be downloaded free of charge from Jabra PC Suite www.jabra.com/pcsuite. Just plug the headset into the USB port of your PC and you're all set!

The Jabra BIZ 620 USB is available with mono speakers for quiet work environments and duo speakers for noisy or open plan offices. Both models have successfully passed Jabra's strict quality assurance tests for professional headsets to ensure long service life.

GN Netcom is a world leader in innovative headset solutions. GN Netcom develops, manufactures and markets its products under the Jabra brand name.
